### Summary for the Chapter:

in this episode: the trash returns, georgie and bill make a bet, and love is professed

### **the losers club™**

billiam: hey guys question

billiam: what does partial custody mean

eddisson: it's that gross stuff they sell at culver's that like a worse version of ice cream

aesthetic queen: ...

it's raining ben: eddie that's custard

eddisson: oh

jewish spice: partial custody is when a parent/guardian has slightly more time with/custody over a child than the other guardian or a guardian has sole custody over the child for a determined amount of time

billiam: omg

billiam: like adoption or foster care

jewish spice: uh yeah I guess

trash man: so georgie's sorta like my brother now???

billiam: ...

trash man: oh and bill

aesthetic queen: RICHIE

mike n ike: HE HAS RETURNED!!!

trash man: the bitch is back

it's raining ben: yay!!!

eddison: WELCOME BACK

jewish spice: HI

trash man: I love my brothers bill and georgie

jewish spice: well they're not your brothers unless your parents let the denbroughs adopt you which it's kinda entirely up in the air whether that'll happen

billiam: oh my parents are fucking pissed

billiam: my dad was like "ill be damned if I let another child enter that home"

mike n ike: why does that sound so not like your dad

billiam: he's a lot more protective after the whole thing that happened with georgie a few years ago

aesthetic queen: wait what happened with georgie

billiam: omg we went to the circus one day and then we lost georgie and spent all day looking for him and when we found him he was with this clown who was trying to walk away with him

aesthetic queen: what the ffuck

it's raining ben: that's horrifying

mike n ike: the clown was pennywise

trash man: AIDJSJKSJEKKSK

it's raining ben: who is pennywise

eddison: PENNYWISE MY KWEEN

jewish spice: no fuck that pennywise is weird

trash man: ok so you know the children's theatre I work for

it's raining ben: yeah

trash man: there's this urban legend (more of a giant inside joke) about the new building we have and one of the dressing rooms has this shady staircase that has like a wardrobe thrown down it it's so shady and really messy and dirty and horrible and we found this weird ass statue at the bottom of a clown

trash man: we named it pennywise and joke that he's dating the babadook and tries to foil all of the renovation plans the city makes for the building

jewish spice: how did we go from bill and richie possibly becoming brothers to rehashing the story of pennywise

### **the losers club™**

mike n ike: why have we never heard the story of how the fantastic four met

eddison: because it's kinda one hell of a story

billiam: eddie and i went to the same preschool and one day our teachers asked our whole class what ship the pilgrims came on and eddie yelled "CAULIFLOWER" as loud as he could and i snorted so hard milk came out of my nose

trash man: stan and i were in the same sunday school class and one day i was walking along the brick wall that cased in the garden all the kids played in

jewish spice: hehe this is a good story

trash man: this kid named james kept pulling my hair and so stan pushed him off the fucking wall

jewish spice: he ended up in the emergency room

trash man: then we became friends and the other synagogue moms started joking about "young love" and we Died

jewish spice: we died did confirm

trash man: i think stan was the first person to ever call me richie actually

eddison: anyways we all ended up in the same elementary school and richie and stan would sit in the far back where the teachers couldn't see them and we joined them one day when a third grader pulled bill's skirt and he fell off the jungle gym

billiam: i decided recess wasn't for me lol

eddison: richie called me mary poppins and an iconic friend group was formed

aesthetic queen: yay I love that story

mike n ike: adorable

it's raining ben: claps

### **Notes for the Chapter:**

everyone knows Stan is jewish but nobody talks about the fact that Richie is also jewish and that's just an American tragedy that I am setting out to fix (edit: lol richie isn't jewish in the book or movie and apparently y'all thought I was being serious no it's just my headcanon)

Also if someone wants to draw something for this fic I will love you forever
